Based on the Family First award, it is estimated that the CARES Act funding for the meals will be approximately $2,070,000. The Family First and CARES Act funding needs to be depleted by September 30, 2021. Amigos Del Valle has been notified of the funds and are working to reduce the home delivered meal waiting list. A. Community & Economic Development

Director Blanca Davila was recognized to address the following:

Program Action Items:

1. Consideration and Action to Approve Submission of Texas Water Development Board (TWDB) Flood Infrastructure Funding (FIF) Abridged Application

Ms. Davila informed the Board that Cameron, Hidalgo, and Willacy Counties have brought the proposed project to the Regional Water Resource Advisory Committee (RWRAC). The RWRAC recommends moving the TWDB abridged application forward for a proposed regional, multi-jurisdictional and Flood Protection Planning for Watersheds project. The deadline is June 15, 2020 at 5:00 PM.

Commissioner David Garza added that RWRAC has developed a project that includes different caveats, and this is a true regional project with involvement from all three counties. There are two priorities and objectives for this project. One is for the establishment of a regional coordination and decision-making
network, along with the assimilation of hydrologic and hydraulic knowledge to support science driven policy and decision making. The other is to identify local and regional capital improvement projects that support regional flood management. Commissioner Garza reported that the RWRAC has contacted and met with every city in the LRGVDC region, and yesterday Cameron County passed a resolution in support of this project and committed to funding half of the 10% match amount, the other 90% will be covered by the TWDB Flood Infrastructure Fund grant. The RWRAC has identified a project in the amount of $8.77 million, which includes a match for a future section 7001 grant from the Army Corps of Engineers for $2 million which will include the whole Valley.

Commissioner David Fuentes thanked Commissioner Garza and Cameron County for taking the lead with respect to consultants and preparing the whitepapers for this application. He added that it is important to note that this is not a construction-type project, this is to plan two projects that will help with regional flood control and mitigation. The Hidalgo County Drainage Districts will assist, and the LRGVDC will be asked to provide administrative oversight. Upon conclusion of discussion Ms. Norma G. Garcia made a motion to approve submission of a TWDB FIF abridged application as presented. Commissioner David Garza seconded the motion, and upon a vote the motion carried unanimously.

2. Consideration and Action to Approve Texas Community Development Block Grant Priorities 2021-2022

Commissioner David Garza seconded the motion, and upon a vote the motion carried unanimously.

This permit application for a Type V Facility: Medical waste Transfer Facility was reviewed by the Solid Waste Advisory Committee (SWAC) on May 19 and had favorable comments. The letter will be submitted to the Texas Commission on Environmental Quality (TCEQ) for their review. TCEQ letters to residents and a public comment period will follow. The Family First and CARES Act provide for additional funding for congregate and home delivered meals. The Administration for Community Living and CARES Act provide the Area Agency on Aging the authority to transfer as much funds as required to meet the need for home delivered meals. The purpose for this solicitation is to seek vendors for home delivered meals, chore services, emergency response, and personal care. Plus, additional vendors for existing services as
the need has increased. Current contractors will not need to respond to the solicitation unless they are adding a new service. **Mayor Pro-tem Ricardo Salinas made a motion to authorize the issuance of vendor solicitation for additional services and contractors as requested. Fortunately, staff is seeing an increase in ridership this month and hopefully it will continue to increase over the next few months.

Mr. Logan reported that COVID-19 precautionary measures on Valley Metro busses include daily cleaning with CDC-approved disinfectant, passengers using the rear-door to board/deboard, cordon-off driver area, installation of hand sanitizer dispensers inside buses, and issuing safety memos to staff.
President Darling asked if riders are required to wear face masks. Mr. Logan stated that it is highly recommended, and masks are available on the busses for riders who do not have one. Mayor Pro-tem Ricardo Salinas stated that it is important, essential even, that we make the use of face masks mandatory. President Darling stated that it would be appropriate to make wearing face masks mandatory while riding Valley Metro busses and subject to change as recommendations from the state change. He also asked Mr. Logan to check with the FTA if Valley Metro has the authority to make face mask use mandatory. Mayor Pro-tem Ricardo Salinas made a motion that Valley Metro's COVID-19 precautionary measures shall include the required use of facemasks by passengers on busses, subject to approval by the FTA. Ms. Celeste Sanchez seconded the motion, and upon a vote the motion carried unanimously.
