3. BACKGROUND

The RTAP represents more than 20 organizations that are responsible for providing public transportation services or health and human services or are interested in the coordination of public transit and client transportation services in the Lower Rio Grande Valley region. The goal of the RTAP is to develop and implement a plan for a seamless public transportation system that achieves efficiencies, eliminates duplication, increases coordination, and addresses service gaps. The RTAP receives administrative support from the Lower Rio Grande Valley Development Council (LRGVDC)/Valley Metro. The RTAP developed the original Regional Public Transportation Coordination Plan in 2007. This plan serves as the region’s plan required under Fixing America’s Surface Transportation Act (FAST Act). The region must update this plan periodically to meet State and Federal requirements.

Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. B. Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

8. False or Fraudulent Statements or Claims

Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

A. Withholding monthly progress payments;
