SECTION II: BACKGROUND INFORMATION

2.1 LRGVDC OVERVIEW

The Lower Rio Grande Valley Development Council (LRGVDC) is one of twenty-four (24) state planning regions and association of local governments formed under Texas Law to address issues and planning needs that cross the boundaries of individual local governments. The LRGVDC coordinates planning efforts, provides a regional approach to problem solving through cooperative action and provides direct services, when applicable. The designated geographical service area is the 3,643 square miles of Cameron, Hidalgo and Willacy Counties.

The LRGVDC is comprised of programs in the fields of economic development, public safety, transportation, environmental services and health and human services. Funding to support these programs originates from local, state, and federal sources. LRGVDC is governed by a twenty-seven (27) member Board of Directors of whom two-thirds are required to be elected officials of the designated boundaries.

The Lower Rio Grande Valley (LRGV) Area Agency on Aging, a department of the Lower Rio Grande Valley Development Council, is one of twenty-eight designated Area Agencies on Aging in the State. The Lower Rio Grande Valley Area Agency on Aging is also the designated Focal Point for the Region. Its statutory authority is the Older Americans Act of 1965, as amended. The service area encompasses the counties of Cameron, Hidalgo, and Willacy. The target population as designated by the Older Americans Act of 1965, as amended, is to serve those persons 60 years of age and older who are in greatest economic and social need, with particular emphasis on the rural, low-income minority elderly, and those with limited English proficiency. There are 239,433 persons age 60 and over in the Lower Rio Grande Valley region. Of those over age 60 years of age and older, approximately 55,493 have incomes below the federal poverty level and approximately 185,249 are minorities. It is estimated that approximately 47,887 have some limitation of self-care. Proposals that best meet the needs of the entire region, with special emphasis on the target population, will have the best chances for successful consideration.

2.2 PROJECT SUMMARY

The purpose of this Request For Proposal (RFP) is to solicit operating plans for services (no equipment - do not include equipment in the request) to persons age 60 and over and family caregivers under Title III of the Older Americans Act as Amended. Organizations eligible to apply for funding under this RFP are private non-profit, private for-profit and local city/county governmental entities that have the capacity to meet the requirements of service delivery as specified according to Health and Human Services Commission (HHSC) Service Standards and Older American Act requirements.

A. Private for-profit entities applying for funding under this RFP will require approval by the Texas Department of Health and Human Services prior to beginning of service delivery.

B. Debarred or suspended parties are ineligible to apply for funding under federal regulations.

C. Conflict-of-Interest: Area Agencies on Aging (AAA) and their governing Boards shall seek to avoid conflict of interests, in fact and perception, and provide proper notification when potential conflict-of-interest does occur.

D. Secure and maintain maximum independence and dignity for older persons to remain in their own homes with appropriate support services.

E. Organization must adhere to the LRGVDC-AAA service agreement (Attachment A) and all client intake and
reporting requirements as stipulated by HHSC. Must maintain supporting documentation for information reported to Area Agency on Aging.

2.3 PROJECT SCOPE

The Area Agency on Aging of the Lower Rio Grande Valley (AAA) is designated by the Texas Health and Human Services Commission (HHSC) to be the focal point for services to persons 60 or older with the AAA’s region. The AAA administers services funded by the Older Americans Act (OAA) with emphasis placed on frail, rural, low income and minority individuals. The Lower Rio Grande Valley Development Council is responsible for the area plan that identifies the need for the following.

1. Other Support Services – other support services may be specifically contracted to include:

   • Senior Center Operations
   • Telephone Reassurance
   • Health Screening/Monitoring
   • Instruction and Training

The services listed above are provided under the Older Americans Act funds made available by the HHSC. Funds are allocated across the state by the HHSC according to a funding formula which includes the following criteria: 40% 60+, 10% 60+ minorities, and 50% 60+ low-income according to each region.

Other funds available to Title III include the following:

1. Program Income. Title III program participants are encouraged to make a contribution towards services provided. These funds are then used to increase services in the area from which they were generated. Program Income cannot be used toward satisfying the program's matching requirements.

2. In-kind. Many contractors receive local contributions of volunteer time, free use of facilities or utility payment by local community supporters. This program could not exist without these valuable contributions. Acceptable In-Kind must be accounted under the related funded program.

3. The LRGVDC Area Agency on Aging will normally require of all Title III-services to provide a 15% cash and/or in-kind match. The CARES Act Funding does not require match. Due to the loss of volunteer in-kind, any voluntary in-kind will be appreciated. Funding for contracts will comply with the following:

3.1 Availability of funds: Contracts will be awarded in amounts as determined appropriate for the service area in which the applicant agency intends to provide services and score rankings. The amounts are subject to funding by HHSC and may vary depending on the availability of state and federal funds. Potential contractors are encouraged to maintain at least 30 days of operating revenue.

3.2 De-obligation of funds: Contract award amounts may be reduced if the contractor fails to perform as set forth in the proposal and contract agreement.

3.3 Re-obligation of funds. The Lower Rio Grande Valley Development Council reserves the right to re-obligate funds which have been recaptured as a result of contract default or reduction in service delivery based on procedures which are established in state and federal regulations.
3.4 Reasonable Costs. All costs charged to contracts with the Area Agency on Aging must be necessary and reasonable for the service in which they are reported. The definition for reasonableness is:

a. costs within the constraints of sound business practices, current market rates, and arm’s length bargaining;

b. consistent with actions a prudent person would take under similar circumstances.

Questions:
Questions about the content in this Request for Proposals must be submitted to the LRGVDC no later than June 24th, 2020 by 5:00PM CST. Questions may be submitted by email to: lrgvdc@lrgvdc.org
Answers to questions submitted will be made available to the public on LRGVDC’s website www.lrgvdc.org.

2.4 EVALUATION CRITERIA

Proposals will be selected based on the ability of each bidder to carry out all the requirements contained in this RFP. Incomplete or late proposals or those found to be default, in poor standing or reflective of questionable business/ethical practices will not be considered.

It is the intent of LRGVDC to enter into contractual agreements with the most qualified, responsible bidder whose bid is responsive to the invitation, meeting all qualifications necessary to complete the prescribed scope of work, with the greatest overall value to LRGVDC in terms of price and other enumerated factors such as project history, location registered, etc.

LRGVDC may award a contract of higher qualitative competence over the lowest priced response seeking the best combination of expertise, experience and value.

Contents of applications submitted in response to this RFP will not be disclosed to anyone except to members of the Area Agency on Aging Administrative staff and Ad-Hoc Committee. All applications become public information upon completion of the contract award process. All proposals will be ranked according to the score earned during the review.

Proposals must address at least the following to be considered as meeting the submission criteria: a) service capacity; b) organizational capacity; c) geographical area to be served; d) cost effectiveness; and e) serving the target population.

The Area Agency Ad-Hoc Committee recommendations will be forwarded to the Advisory Council on Aging. The Advisory Council reviews these recommendations and forwards their recommendations to the LRGVDC Board of Directors for final contract award decisions.

Additionally, the following criteria shall be used to evaluate submissions:

A. Service Capacity (maximum 30 points)
The maximum number of points that can be received for service capacity is 30. The proposal will be rated in terms of the degree of experience the provider has in the area of the proposed service/s, adequate description of proposed service/s, time-line to implement services, and the expected outcome of the proposed service(s).

B. Organizational Capacity (maximum 30 points)
The maximum number of points that can be received for organizational capacity is 30. The proposal will be rated in terms of the organizations capacity to provide oversight of the project, organizations capability to submit and maintain fiscal and program reporting. Existing contractors

C. Efficiency (maximum 20 points)
The maximum number of points that can be received for cost effectiveness is 20. Proposal will be rated in terms of its proposed ability to reach clients, provide services, and do so in a cost effective manner. In evaluating proposals, the committee will consider such things as: the number of persons to be reached, number of units to be served, and the cost per unit of service.

D. Geographic Area
The maximum number of points that can be received for geographic area to be served is 10. The application will be rated on the area to be served. Regional proposal will earn more points than citywide proposals.

E. Targeting of Minority and Low Income Populations (maximum 10 points)
The maximum number of points that can be received for targeting of minority and low-income populations is 10. Point assignment will depend on the provider’s efforts in serving minority and low income to the total proposed project. The target population as designated by the Older Americans Act of 1965, as amended, is to serve those persons 60 years of age and older who are in greatest economic and social need, with particular emphasis on the low income minority elderly.

This Contract shall be governed by the laws of the State of Texas, and any action brought in regard hereto shall be brought in Hidalgo County, Texas. Should any legal action, litigation, or arbitration become necessary, the non-prevailing party shall pay any and all fees.

LRGVDC’s officers, employees, agents, or any family members of same shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to sub-agreements.

The Contractor shall be deemed an independent contractor for all purposes, and the employees of the Contractor or any of its contractors, subcontractors, and the employees thereof shall not in any manner be deemed to be employees of LRGVDC.

As such, the employees of the Contractor, its contractors, and subcontractors, shall not be subject to any withholding for tax, social security, or other purposes, nor shall such Contractor, subcontractor, or employee be entitled to sick leave, pension benefits, vacation, medical benefits, life insurance, workers’ or unemployment compensation or the like from LRGVDC.

The Contractor shall procure and maintain insurance for the duration of the contract. Entities that self-insure must maintain this insurance for the duration of the contract.

The Contractor shall indemnify and hold the LRGVDC harmless.

Either party shall not be liable for any failure of or delay in the performance of an agreement that results from this opportunity for the period that such failure or delay is due to causes beyond its reasonable control, including but not limited to, acts of God, war, strikes or labor disputes, embargoes, government orders or any other force majeure event.

3.4 Taxes

As a municipal corporation, LRGVDC is exempt from federal excise taxes. Federal Exemption Certificates will be furnished if so requested.

governmental fees, licenses, and inspection necessary for the proper execution and completion of the work.

3.5 Indemnification

To the extent of Contractor’s negligence or willful misconduct, the Contractor shall indemnify, keep, and save harmless LRGVDC, its agents, officials, and employees, against all suits or claims that may be based on any injury to persons, including Contractor’s employees, or damages to property that may occur in the course of the performance of the Contract by the Contractor, whether or not it shall be claimed that the injury or damage was caused by the negligence of LRGVDC, its officers, employees, or agents. Contractor shall, at its own expense, defend any and all such claims, including, but not limited to, payment of all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.

If the injured claimant is one (1) of Contractor’s employees, Contractor agrees to waive its immunity under the Industrial Insurance Act, Title 51 RCW. This indemnification clause has been mutually negotiated by Contractor and LRGVDC.

3.6 Duty to Inform

If at any time during the performance of this Contract, or at any time in the future, Contractor becomes aware of actual or potential problems, fault, or defect in the project, any nonconformance with any contract document or federal, state, or local law, rule, or regulation or has any objection to any decision or order made by LRGVDC, Contractor shall give prompt written notice thereof to LRGVDC. Any delay in or failure on the part of LRGVDC to provide a written response to Contractor shall neither constitute agreement with or acquiescence to Contractor’s statement or claim, nor constitute a waiver of any of LRGVDC’s rights.

3.7 Notices

All notices required to be given under the contract shall be in writing and may be delivered personally or by regular, registered, or certified mail to LRGVDC’s Project Manager as specified in the Contract.

3.8 Defective or Damaged Work and Damages

If any work is delivered incomplete or contains any defective or damaged parts, said parts shall be removed and new parts shall be furnished. The new parts furnished, including transportation charges for the same, plus the labor for the removal of said parts, shall be free of all costs to LRGVDC. If LRGVDC finds it necessary to perform any work on any equipment which should have been done by the Contractor within the intent of these specifications, the Contractor agrees to reimburse LRGVDC all costs incident thereto, including materials, labor, and overhead.

If the Contractor shall fail to comply promptly with any order by LRGVDC to repair, replace, or correct damaged or defective work, then LRGVDC Executive Director shall, upon written notice to the Contractor, have the authority to deduct the cost thereof from any compensation due or become due to the Contractor.

All loss or damage arising from any unforeseen obstructions or difficulties, either natural or artificial, which may be encountered in the prosecution of the work or the furnishing of the supplies, materials, or equipment, or from any action of the elements prior to the final acceptance of the work of or the supply of materials or equipment or from any act or omission not authorized by the Contract or by the Contractor or any agent or person employed by the Contractor, shall be sustained by the Contractor.

Acceptance of any equipment or components shall not release the Contractor from liability for faulty workmanship or materials appearing, even after the final payment has been made. LRGVDC reserves the right
and shall be at liberty to inspect all materials and workmanship at any time during the manufacturing process, and shall have the right to reject all materials and workmanship, which do not conform to the specifications. However, LRGVDC is under no duty to make such inspection and if no such inspection is made, the Contractor shall not be relieved of any obligation to furnish materials and workmanship strictly in accordance with specifications.

3.9 Warranty of Work

The Contractor warrants to LRGVDC that all materials, equipment and services furnished under this Contract will be of the highest quality and new unless otherwise specified by LRGVDC, free from faults and defects and in conformance with the Contract Documents. All work not so conforming to these standards shall be considered defective or non-compliant. Contractor shall adhere to manufacturer’s warranty for products offered under this proposal, which defines the criteria for warranty eligibility and the claims or replacement procedures for the product(s) covered. The LRGVDC, for all materials and/or equipment provided under this proposal, shall have the full benefit of Contractor’s standard warranty for such materials and/or equipment. Contractor will attach copies of all warranties associated with products offered under this proposal to this bid.

3.10 Penalty for Failure to Complete Contract

In case of failure on the part of the Contractor to complete the Contract, the Contract may be terminated, and in such event (1) LRGVDC shall complete such Contract without further liability to the Contractor for compensation for any labor, supplies, or materials furnished by the Contractor under said Contract; or (2) LRGVDC shall direct the Contractor to remove any equipment delivered by the Contractor and refund to LRGVDC any amounts paid by LRGVDC to the Contractor, and LRGVDC shall have no further liability to the Contractor. In any case, either by reletting or otherwise, the Contractor and its surety bondsman shall be liable to LRGVDC for all loss or damage which it may suffer on account of the Contractor’s failure to complete the Contract within such time.

3.11 Excusable Delays

Except with respect to defaults of subcontractors, the Contractor shall not be considered in default by reason of any failure to perform in accordance with the Contract if such failure arises out of causes beyond the control and without the fault of negligence of the Contractor. Such causes may include, but are not restricted to:

- Acts of God or of the public enemy;
- Acts of the government in its sovereign or contractual capacity;
- Fire beyond the reasonable control of the contractor;

- Quarantine restrictions;
- Strikes or other labor disruptions, except for the first five (5) working days of any strike or labor disruption;

In every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor(s), and if such default arises from causes beyond the control of both the Contractor and the subcontractor(s) and without the fault of negligence of either of them, the Contractor shall not be in default by reason of any failure to perform, unless the supplies or services to be furnished by the subcontractor(s) were reasonably obtainable from other sources on similar terms and in sufficient time to permit the Contractor to meet the contract requirements.
Should the Contractor fail to perform because of cause(s) described in this paragraph, LRGVDC shall make a mutually acceptable revision in the Project Schedule.

3.12 Termination of Contract

3.12.1 Termination of Convenience

LRGVDC may terminate this Contract, in whole or in part, at any time by written notice to the Contractor with at least 10 days written notice. The Contractor shall promptly submit to LRGVDC its termination claim to be paid the Contractor. If the Contractor has any property in its possession belonging to LRGVDC, the Contractor will account for the same and dispose of it in the manner LRGVDC directs.

3.12.2 Termination for Default

In the event the Contractor is, or has been, in violation of the terms of this Contract, including the Bid Documents, Specifications, and Contract, LRGVDC reserves the right, upon written notice of 10 days to the Contractor, to cancel, terminate, or suspend this Contract in whole or in part.

Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in the Contract.

Any failure to make progress which significantly endangers performance of the Project within a reasonable time shall be deemed to be a violation of the terms of this Contract.

If it is later determined by LRGVDC that the Contractor had an excusable reason for not performing, such a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, LRGVDC, after setting up a new delivery of performance schedule, may allow the Contractor to continue work or treat the termination as a termination for convenience.

3.13 Breaches and Dispute Resolution

3.13.1 Disputes

Disputes arising in the performance of this Contract, including, but not limited to, the Indemnification provision, which are not resolved by agreement of the parties shall be decided in writing by the authorized representative of LRGVDC, unless the Consultant initiates the following internal appeal process. This LRGVDC decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy, the Consultant mails or otherwise furnishes a written appeal to LRGVDC. In connection with any such appeal, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its position. If this appeal process fails then either party may pursue its remedies as set forth in Remedies below.

3.13.4 Remedies

All claims, counterclaims, disputes, and other matters in question between LRGVDC and the Consultant arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which LRGVDC is located.

3.13.5 Rights and Remedies

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights, and remedies otherwise imposed or available by law. No action or failure to act by LRGVDC or Consultant shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

3.14 Claims

It is an express condition of the Contractor’s right to make a claim or to receive any recovery or relief under or in connection with the contract, that the Contractor submit a written notice of Intent to Claim to LRGVDC in accordance with the provisions of this section. Failure to comply with the provisions hereof shall constitute a waiver by the Contractor of any right, equitable or otherwise, to bring any such claim against LRGVDC.

A claim is a demand or assertion by one of the parties seeking, as a matter of right, adjustment or interpretation of Contract terms, payment of money, and extension of time or other relief with respect to the terms of the Contract. Claims shall be made in writing. The responsibility to substantiate Claims shall rest with the party making the claim.

3.14.1 Notice of Intent to Claim

The Contractor shall submit written notice to LRGVDC of such claim within ten (10) days after the date when Contractor first knew or reasonably should have known, of the event or condition giving rise to the apparent claim. If the vent or occurrence is claimed to be an act of omission of LRGVDC, notice shall be given prior to the commencing of the portion of the work to which such alleged act or omission relates. The written Notice of Intent to Claim shall set forth:

1. The reasons for which the Contractor believes additional compensation will or may be due;

2. A detailed statement of the nature of all impacts to the Contractor, and all others, if any, affected by the Claim event;

The Contractor’s failure to submit any claim in writing within the relevant time and in the manner prescribed shall waive any relief that might otherwise be due with respect to such claim.

3.14.3 Performance During Claim

Pending final resolution of a Claim, the Contractor shall proceed diligently with performance of the Contract. LRGVDC will continue to make proper payments for work items that are undisputed and in accordance with the Contract.

3.14.4 Claim Audits

All Claims filed against LRGVDC shall be subject to audit at any time following the filing of the Claim. Failure of the Contractor, or subcontractors of any tier, to maintain and retain sufficient records to allow LRGVDC to verify all or a portion of the Claim or to permit LRGVDC access to the books and records of the Contractor, or Subcontractors of any tier, shall constitute a waiver of the Claim and shall bar any recovery.

In support of LRGVDC audit of any claim, the Contractor shall upon request, promptly, and in any event no later than the date provided by LRGVDC, make available documents that include, but are not limited to:

- Daily time sheets and supervisor’s daily reports;

3.14.5 Review and Resolution of Claims

LRGVDC shall be entitled to reasonable time, in no case more than 45 days, after it receives the claim in writing and accompanied by proper supporting documents and evidence, in which to investigate, review, and evaluate such claim. When LRGVDC has completed its investigation, review, and evaluation, it will advise the Contractor of the relief, if any, to which it was found the Contractor to be entitled. Should the Contractor not be satisfied with LRGVDC’s findings, may request, in writing, mediation within 14 calendar days after being so advised thereof. If the parties have not reached agreement through mediation within 30 days the parties may seek other alternative dispute resolution process.

Historically Underutilized Businesses

It is the policy of the LRGVDC to promote and encourage contracting and subcontracting opportunities for
Historically Underutilized Businesses (HUB) in all contracts. The policy applies to all contracts with an expected value of $100,000 or more. The LRGVDC has determined that subcontracting opportunities are probable, thus a HUB Subcontracting Plan is a required element of the proposal. Failure to submit a required HUB Subcontracting Plan will result in rejection of the proposal.

Submit one (1) signed original hard copy and one (1) electronic copy (pdf) with original signature on USB flash drive of the HUB Subcontracting Plan (HSP) as separate attachments to the proposal.

Proposals that fail to comply with these requirements will constitute a material failure to comply with advertised specifications and will be rejected by the LRGVDC as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Respondent acknowledges that, if selected by the LRGVDC, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Respondent is subject to review by LRGVDC to ensure compliance with the HUB program. Accordingly, a HUB Subcontracting Plan (“HSP”) is required as part of Respondent’s proposal.

Proposals that do not include the HSP will be considered non-responsive to this RFQ.

Respondent will not be permitted to change its HSP unless: (1) Respondent provides the LRGVDC with revised versions of such documents that set forth all changes requested by Respondent, (2) the LRGVDC approves such revised documents in writing, and (3) all agreements or contractual arrangements resulting from this RFQ are amended in writing by LRGVDC and Respondent to conform to the modified HSP.

If Respondent proposes to use subcontractors to perform such subcontracting opportunities, the HSP will include:

A letter of transmittal stating that Respondent has read and understands the Policy on Utilization of Historically Underutilized Businesses; and

The HSP, as set forth on pages 10 and 11 of Appendix Three, related to Policy on Utilization of Historically Underutilized Businesses for Vendor/Commodities.

If Respondent proposes to perform such subcontracting opportunities with its own employees and resources, the HSP will include:

A letter of transmittal stating that Respondent has read and understands the Policy on Historically Underutilized Businesses; and

The Self Performance HUB Subcontracting Plan (HSP), as set forth on page 13 of Appendix related to Policy on Utilization of Historically Underutilized Businesses for Vendor/Commodities.

Respondent must submit the three (3) originals of the HSP to LRGVDC at the same time it submits its proposal to LRGVDC (RFQ.) The three (3) originals of the HSP must be submitted under separate cover and in a separate envelope (the “HSP Envelope”). Respondent must ensure that the top outside surface of its HSP Envelope clearly shows and makes visible:

The RFP No. (Ref. Section 1.3 of this RFQ) and the Submittal Deadline (ref. Section 2.5.1 of this RFQ), both located in the lower left hand corner of the top surface of the envelope,

The name and the return address of Respondent, and
The phrase “HUB Subcontracting Plan”.

OVERVIEW FOR POTENTIAL AAA SUBCONTRACTORS

The Area Agency on Aging is designated as responsible for planning, developing and supporting services for the elderly of the Lower Rio Grande Valley region. The LRGVDC Area Agency on Aging (AAA)
annually subcontracts federal and state funds to a number of local governments, public non-profit and private non-profit organizations to provide supportive services to senior citizens. It is important to the AAA, to its subcontractors, and to senior citizens that programs for the elderly in Texas be operated with efficiency and in conformance with applicable regulations. Consistent records and reports are necessary for evaluation of the effectiveness with which public funds are used. Both the AAA and subcontractors are responsible for maintaining adequate records and adhering to federal and state regulations. This guide provides an explanation of many important subcontracting, reporting, and record keeping procedures required by the AAA.

Funds appropriated by Congress to implement the Older Americans Act are awarded by the Texas Department of Aging and Disability Services to the AAA for administration at the local level. Based upon revisions of the federal appropriations bill, funds are divided among the states. In Texas, the Texas Department of Aging and Disability Services (HHSC) is responsible for allocating funds within the state. Allocations by HHSC are made based on statistical factors such as 60+ population, percentage of minority older persons, and percentage of minority older persons with low income levels in each of the Planning and Service Areas.

Funds allocated at the local level are based upon an approved area plan that is submitted to the Texas Department of Aging and Disability Services. The area plan must provide for supportive services. Development of an area plan requires supportive services need to be determined, that subcontractors be selected, and that these services be coordinated with other human service agencies.

Ordinarily, the AAA receives more requests from potential subcontractors than there are funds available. AAA staff, Ad-Hoc Committee, the Aging Advisory Council, and the LRGVDC Board of Directors must consider all requests, negotiate budget changes, and finally determine how funds will be allocated.

To be eligible to receive funds, an organization must be a general-purpose unit of local government, a political subdivision of the state, or a locally controlled, public non-profit or private non-profit corporation. Ability to operate for 60 days with non-federal funds is prudent and desirable, but not required. Funds provided through the Older Americans Act require a 15% local match by the subcontractor.

The provision of all services must comply with the Civil Rights Act of 1964 and related legislation, and must be open to all persons 60+ (and their spouses) giving preference to those with the greatest economic and social need. There is no income test for participant eligibility.

CERTIFICATION - REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY
AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS

Federal Executive Order 12549 requires the Texas Department of Health and Human Services (HHSC) to screen each covered potential contractor/grantee to determine whether each has a right to obtain a contract/grant in accordance with federal regulations on debarment, suspension, ineligibility, and voluntary exclusion. Each covered contractor/grantee must also screen each of its covered subcontractors/providers.

In this certification “contractor/grantee” refers to both contractor/grantee and subcontractor/sub-grantee; “contract/grant” refers to both contract/grant and subcontract/sub-grant.

By signing and submitting this certification the potential contractor/grantee accepts the following terms:

1. The certification herein below is a material representation of fact upon which reliance was placed when this contract/grant was entered into. If it is later determined that the potential contractor/grantee knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, or the Texas Department of Health and Human Services may pursue available remedies, including suspension and/or debarment.

2. The potential contractor/grantee shall provide immediate written notice to the person to which this certification is submitted if at any time the potential contractor/grantee learns that the certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

3. The words “covered contract,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal”, “proposal,” and “voluntarily excluded,” as used in this certification have meanings based upon materials in the Definitions and Coverage sections of federal rules implementing Executive Order 12549. Usage is as defined in the attachment.

4. The potential contractor/grantee agrees by submitting this certification that, should the proposed covered contract/grant be entered into, it shall not knowingly enter into any subcontract with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, and/or the Texas Department of Health and Human Services as applicable.

Do you have or do you anticipate having subcontractors/sub-grantees under this proposed contract?___________YES ___________NO

5. The potential contractor/grantee further agrees by submitting this certification that it will include this certification titled “Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion for Covered Contracts and Grants” without modification, in all covered subcontracts and in solicitations for all covered subcontracts.

6. A contractor/grantee may rely upon a certification of a potential subcontractor/sub-grantee that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered contract/grant, unless it knows that the certification is erroneous. A contractor/grantee must, at a minimum,
obtain certifications from its covered subcontractors/sub-grantees upon each subcontract’s/subgrant’s initiation and upon each renewal.

7. Nothing contained in all the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this certification document. The knowledge and information of a contractor/grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

8. Except for contracts/grants authorized under paragraph 4 of these terms, if a contractor/grantee in a covered contract/grant knowingly enters into a covered subcontract/sub-grant with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in the transaction, in addition to other remedies available to the federal government, Department of Health and Human Services, United States Department of Agriculture, or other federal department or agency, as applicable, and/or the Texas Department of Aging and Disability Services may pursue available remedies, including suspension and or debarment.
CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS.

Indicate which statement applies to the covered potential contractor/grantee:

_____ The potential contractor/grantee certifies, by submission of this certification, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this contract/grant by any federal department or agency or by the State of Texas.

_____ The potential contractor/grantee is unable to certify to one or more of the terms in this certification. In this instance, the potential contractor/grantee must attach an explanation for each of the above terms to which he is unable to make certification. Attach the explanation for each of the above terms to which he is unable to make certification. Attach the explanation(s) to this certification.

- Section 2 a. - No, I will not be subcontracting any portion of the contract, and I will be fulfilling the entire contract with my own resources.

"Continuous Contract": Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.
HUB Subcontracting Plan (HSP)

In accordance with Texas Gov’t Code §2161.232, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underserved Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid request (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov’t Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goal defined in 34 Texas Administrative Code (TAC) §20.284 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders’ contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

--- Agency Special Instructions/Additional Requirements ---

In accordance with 34 TAC §20.285(b)(1)(C)(VIII), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent’s subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

SECTION 3: SELF PERFORMING JUSTIFICATION  If you responded “No” to SECTION 2, Item b, you must complete this SECTION and continue to SECTION 4. If you responded “No” to SECTION 2, Item b, in the space provided below explain how your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSB is true and correct. Respondent understands and agrees that, if awarded any portion of the regulation:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency’s name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency’s point of contact for the contract no later than ten (10) working days after the contract is awarded.

- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSB, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at
  https://www.comptroller.texas.gov/purchasingplace/hub-forms/ProgressAssessmentReportForm.pdf.)

- The respondent must seek approval from the contracting agency prior to making any modifications to its HSB, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSB. If the HSB is modified without the contracting agency’s prior approval, the respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.

- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company’s headquarters and/or work site where services are being performed and must provide documentation regarding staffing and other resources.

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with items a, b, c, and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at http://www.comptroller.texas.gov/purchasing/docs/hub_forms/hub-good-faith-effort-attachment-b.pdf.
