SECTION II: BACKGROUND INFORMATION

2.1 LRGVDC OVERVIEW

The Lower Rio Grande Valley Development Council (LRGVDC) is one of twenty-four (24) state planning regions and association of local governments formed under Texas Law to address issues and planning needs that cross the boundaries of individual local governments. The LRGVDC coordinates planning efforts, provides a regional approach to problem solving through cooperative action and provides direct services, when applicable. The designated geographical service area is the 3,643 square miles of Cameron, Hidalgo and Willacy Counties.

The LRGVDC is comprised of programs in the fields of economic development, public safety, transportation, environmental services and health and human services. Funding to support these programs originates from local, state, and federal sources. LRGVDC is governed by a twenty-seven (27) member Board of Directors of whom two-thirds are required to be elected officials of the designated boundaries.

2.2 PROJECT SUMMARY

The LRGVDC is soliciting Request for Proposals (RFP) for the selection of vendors to provide Tire Disposal Services for the LRGVDC’s Road to Recycling Tire Collection events. The services requested can be found in Section 2.3 – Scope of Work. These services are provided to local municipalities throughout Hidalgo, Cameron and Willacy Counties that participate in the tire collection events, and vendors are invited to provide services to all or some of those areas. The quantity of services needed will vary on event participation and the number of locations served by the potential vendor. There isn’t a minimum or maximum amount of services that can be quantified thus there isn’t a guarantee of either a minimum or a maximum.

The information obtained will be utilized by LRGVDC to evaluate and determine the product or services needed for proper tire disposal. Each interested vendor should utilize the criteria outlined in this Request for Proposal and should serve as a guidance. The award of any contract or agreement is contingent upon the receipt or availability of adequate project funding. Vendors are invited to submit proposals on all services they provide. It’s probable that multiple vendors will be selected based on the ability and cost effectiveness to provide services to a given geographic area.

Illegally dumped tires are and have been of primary concern to all entities within the Lower Rio Grande Valley Development Council (LRGVDC) region. Tires are a growing problem that present serious environmental and public health concerns for the residents. The illegal dumping of tires and tire piles across the region have become a severe epidemic causing hazardous in waterways, threatening economic development, impacting tourism areas and serving as breeding grounds for rodents and mosquitoes that carry harmful viruses. The LRGVDC therefore
conducts events such as the Road to Recycling Tire Collection event to help mitigate the risks of tire dumping sites.

### 2.3 PROJECT SCOPE

The offeror shall provide a proposal, in accordance with the terms and conditions set forth herein, that provide service options according to the project scope. The scope of services needed for the Road to Recycling event are comprised of pick-up, transportation, disposal, and processing (destruction of tires to a compact but reusable material). Vendors are invited to provide a proposal that includes all of the services needed, however vendors are also invited to provide a proposal for only the services they provide (if not all services requested). Vendors will also need to provide the following information:

- Provide proof of required permits that comply with the Texas Commission on Environmental Quality (TCEQ) requirements for transporting, processing and possible tire storage.

- How long has your company been in operation?

- Provide your operation hours. Operation hours should include services for disposal on the day of the event and should accommodate participating municipalities operating hours.

The LRGVDC has determined that subcontracting opportunities are possible, thus a HUB Subcontracting Plan is an element of the proposal.

Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Respondent subcontracts any of the Services, then Respondent must make a good faith effort to utilize HUBs certified by the Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, “TPSS”). Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Respondent acknowledges that, if selected by the LRGVDC, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Respondent is subject to review by LRGVDC to ensure compliance with the HUB program.
2.16 **SALES AND USE TAXES:**

The section further permits the purchase tax-free of tangible personal property for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

2.17 **CERTIFICATION OF FRANCHISE TAX STATUS:**
Respondents are advised that the successful respondent will be required to submit certification of franchise tax status as required by State Law (H.B. 175, Acts 70th Leg. R.S., 1987, Ch. 283, p. 3242). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

2.18 **DELINQUENCY IN PAYING CHILD SUPPORT:**
Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

2.19 **STATE REGISTRATION OF ENGINEERING FIRMS:**
Respondents are advised that the Texas Board of Professional Engineers requires that any entity providing engineering services to the public must register with the Texas Board of Professional Engineers. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

2.20 **DISCLOSURE OF INTERESTED PARTIES STATUTE.**
In its proposal, Respondents must agree to comply with Section 2252.908, Texas Government Code ("Disclosure of Interested Parties Statute") and 1 Texas Administration Code Sections 46.1 through 46.3 ("Disclosure of Interested Parties Regulations") as implemented by the Texas Ethics Commission ("TEC"), including, among other things, providing the TEC and LRGVDC with the information required by the Disclosure of Interested Parties Statute and the Disclosure of Interested Parties Regulations on the form promulgated by the TEC. "Continuous Contract": Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.
HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.254 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders’ contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

--- Agency Special Instructions/Additional Requirements ---

In accordance with 34 TAC §20.253(b)(1)(D)(ii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent’s subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

SECTION 3: SELF PERFORMING JUSTIFICATION (If you responded "No" to SECTION 2, Item a, you must complete this SECTION and continue to SECTION 4.) If you responded "No" to SECTION 2, Item a, in the space provided below explain how your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the regulation:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.

- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report - PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at https://www.comptroller.texas.gov/purchasing/spsc/hub-forms/ProgressAssessmentReportForm.pdf).

- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.

- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

SECTION B-2: MENTOR PROTÉGÉ PROGRAM

If respondent is participating as a Mentor in a State of Texas Mentor Protégé Program, submitting its Protégé must be a State of Texas certified HUB as a subcontractor to perform the subcontracting opportunity listed in SECTION B-1, constitutes a good faith effort to subcontract with a Texas certified HUB towards that specific portion of work.

Check the appropriate box (Yes or No) that indicates whether you will be subcontracting the portion of work you listed in SECTION B-1 to your Protégé.

☐: Yes (If Yes, continue to SECTION B-4.)

☐: No / Not Applicable (If No or Not Applicable, continue to SECTION B-3 and SECTION B-4.)

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with Items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at https://www.comptroller.texas.gov/purchasing/docs/hub-forms/hub-subcontracting-opportunity-notice-form.pdf.

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent to the HUBs and to the trade organizations or development centers is considered to be Day zero and does not count as one of the seven (7) working days.

a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at http://mytexas.state.tx.us/procurement/search/index.jsp. HUB status code "A" signifies that the company is a Texas certified HUB.

b. List the three (3) Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

- If any of the subcontractors you have selected to perform the subcontracting opportunity you listed in SECTION B.1 is not a Texas certified HUB, provide written justification for your selection process (attach additional page if necessary).

**REMINDER:** As specified in SECTION 4 of the completed HSP form, if you (respondent) are awarded any portion of the solicitation, you are required to provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor. The notice must specify at a minimum the contracting agency’s name and its point of contact for the contract, the contract award number, the subcontracting opportunity (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency’s point of contact for the contract no later than ten (10) working days after the contract is awarded.
HUB Subcontracting Opportunity Notification Form

In accordance with Texas Govt Code, Chapter 2151, each state agency that considers entering into a contract with an expected value of $100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency has identified below in Section B has determined that subcontracting opportunities are probable under the requirement to which my company will be responding.

34 Texas Administrative Code §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Women, Service Disabled Veteran) identified in Texas Administrative Code §20.282(10)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.
