

Addendum #1: Questions

RFP #2026-01: Rider 7 PM2.5 Program Services / Air Quality Planning Activities

1. For modeling pollution levels, are we permitted to use PM2.5 measurement data from monitors outside the LRGV area to account for larger scale source contributions?

No, only Hidalgo and Cameron County's in scope of work.

2. For emissions inventories and analysis, are emissions data external to the LRGV area allowable for use, particularly fire emissions?

No, only data from Hidalgo and Cameron County are allowed for the PM2.5 project.

3. Does the LRGVDC anticipate using all available Rider 7 grant funding for this project, or do they plan on utilizing a portion of it for other activities or expenses during the 2026-2027 period?

The PM 2.5 is allocated funds and will be used for this project.
