Subject: RE: Safe Streets for All Pursuit Questions
Importance: High

Good Morning,

Thank you for your interest in the RGVMPO RFP. Responses to your inquiry are in red text below following the question.

Thank you for your response.

We have an additional question, please see below.

Is it correct that the Cost Proposal component is meant to expedite the negotiation/contracting process once a firm is selected and will not be considered as part of selection of the most qualified firm(s)?

Yes, that is correct. The Cost Proposal component is designed to streamline the negotiation and contracting process after a firm has been selected. Its primary purpose is not to influence the initial selection of the most qualified firm, but rather to facilitate a quicker transition to the awarding of the consultant contract. Since the turnaround time of approximately 2 weeks, following the evaluation, contributes to the efficiency of this process.

Thank you,

Lower Rio Grande Valley Development Council
