

# PUBLIC PROCUREMENT NOTICE

## Notice of Additional Evaluation Schedule Extension and Meeting Date Correction RFQ No. 2026-06 | Metropolitan Planning Consulting Services

**Notice Issued:** August 25, 2026

The Lower Rio Grande Valley Development Council (LRGVDC) provides the following additional update and correction to the anticipated evaluation and approval schedule for RFQ No. 2026-06.

The Evaluation Committee has requested additional time to complete its review of the nine Statements of Qualifications received. Accordingly, the evaluation period has been extended through Friday, August 28, 2026.

LRGVDC also provides a correction regarding the anticipated RGVMPPO Transportation Policy Board meeting date. The correct meeting date is September 16, 2026. Any prior notice or communication referencing September 19, 2026 should be disregarded.

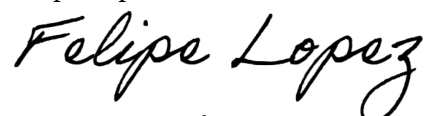

| Milestone                                                                                   | Prior Status / Reference                 | Updated Status / Date                                                                                        |
|---------------------------------------------------------------------------------------------|------------------------------------------|--------------------------------------------------------------------------------------------------------------|
| Submission review and evaluation                                                            | Evaluation period previously extended    | Extended through August 28, 2026                                                                             |
| Transportation Policy Board consideration and possible approval of selection recommendation | September 19, 2026 (incorrect reference) | September 16, 2026 (correct anticipated date)                                                                |
| Award                                                                                       | August 26, 2026 is no longer applicable  | To be determined following Board action, successful negotiations, required approvals, and contract execution |

The evaluation process remains ongoing. No ranking, selection recommendation, or award determination has been finalized. These schedule updates do not change the scope, evaluation criteria, or other requirements of the RFQ.

Consideration and possible approval of the Evaluation Committee's selection recommendation remains anticipated for the September 16, 2026 Transportation Policy Board meeting. All dates remain subject to completion of the evaluation process, administrative requirements, and placement on the Board agenda.

Respondents will be notified in writing of any additional schedule changes and of the selection outcome. No action is required in response to this notice.
